MidiCut 5-50P

Hose Cutting Machine

MidiCut 5-50P is a pneumatically operated hose cutting machine for the medium sized workshop or the smaller serial production. It's very safe and easy to operate.

DIMENSIONS

Length/Depth/Height	705x570x385 mm
Weight	80 kg

DESIGNATION:	PART NUMBER:
MidiCut 5-50P 400V 3-phase	9031-00-03

SPARE PARTS:

Cutting blade HSM 300x3x50 Smooth	9003-00-04
Cutting blade HSM 300x3x50 Toothed	9003-00-05

TECHNICAL DATA

Hose capacity 1-2-4-layers	3/16" - 2"
Hose capacity 4-6 spiral	1 1/4"
Max outside hose diameter	75 mm
Motor	4,3 kW
Voltage	230/400 V/16 A/50 Hz
Velocity	2810 rpm
Diameter (blade) external	300 mm
Diameter (blade) internal	50 mm
Air pressure	min.4,0 bar
Smoke evacuation system	50 mm
Colour	Ligh grey
