

## KnifeCut 4-30BT

Hose cutting machine

# KnifeCut 4-30BT

**Cutting**  
 KnifeCut 4-30BT is a pneumatically operated cutting tool for cables, polyamide and textile reinforcement hoses. It is controlled by a foot pedal, suitable from 4 mm to 30 mm OD and is supplied with two tools, one for standard hoses and one for twin hoses. Because of the guillotine knife the cut is in perfect angle and it leaves the hose free from rubber waste.

**DIMENSIONS**

Length/ Width/ Height.....250x320x440 mm  
 Weight ..... 14 kg

**DESIGNATION:**

KnifeCut 4-30BT ..... 9085-01-01

**PART NUMBER:**

**SPARE PARTS:**

Knife 50x55x2,5 ..... 9079-99-01
